

## Lower Utility Bills & Improve Comfort

FREE no-risk, no-obligation audit of your business's energy usage (474-235-2837)

### PLUMBING

Sump-Pumps • Variable Drive Circulation Pumps  
Tankless-On-Demand Water Heaters  
Pipe Insulation

### HEATING

Condensing Boilers • Furnaces • Burners  
Electric Heat Pumps, Mini-Splits  
Roof Top Units with Gas Heating • Gas Absorption Heating

### COOLING

Air Conditioners • Roof-Top Units with AC Cooling  
Compressors • Gas Absorption Cooling  
Electric Heat Pump • Mini-Splits • Chillers

### LIGHTING

LED Lighting  
Light Task Tuning  
Lighting Controls System – Wireless & Hardwired

### VENTILATION

Air Handling Units • VFD Fans • Economizers  
Demand Control Ventilation • Kitchen Hoods Controls  
On Demand Zone Ventilation

### SAVINGS

Utility Incentives • Rebates  
Low Interest Loans (as low as 0%)  
Energy Savings (30% or greater)

### ENERGY

Energy Audits • Commissioning • Solar • Co-Gen  
Energy Management Systems (EMS)  
History • Trends • Alarms • Scheduling  
Demand Reduction • Load-Shedding

*Saving the planet one building at a time*

Residential  
Commercial  
Industrial

## History

Since 2012, Earth Core Energy Services (ECES) has established a solid reputation across New England as a premier provider of comprehensive energy solutions: heating, cooling, ventilation, plumbing and lighting. At ECES, protecting the planet is not only good for future generations - it's also good for business. Our highly qualified and trained staff provides smart energy solutions resulting in quick payback-periods and significant return-on-investment (ROI). In fact, most clients can expect a 30% decrease in building energy consumption.

## Capabilities

- Residential, Municipals, Commercial and Industrial Applications
- HVAC and Plumbing - Design, Build, Retrofit, Installation and Maintenance
- LED Lighting Retrofits
- Solar, Cogeneration, Micro-grids and Distributed Generation Systems
- Energy Auditing, Benchmarking, Commissioning, Measurement and Verification
- State-of-the-art Energy Management Systems (EMS)
- Web-Accessible Energy Dashboards and Reporting through the EMS
- Secure Utility Incentives

## SBEA (Small Business Energy Advantage)

ECES is an official “Small Business Energy Advantage” (SBEA) vendor; allowing eligible businesses to qualify for 0% financing and comprehensive incentives. Small Business Energy Advantage (SBEA) is a completely turnkey solution
