

Introducing ReSound ONE

Just like a fingerprint, each person's hearing is ONE of a kind. This is because nature has designed the shape of your ear to perfectly capture the sounds around you.

ReSound ONE™ with M&RIE (Microphone and Receiver-in-Ear) delivers a new class* of hearing aid with an additional microphone inside your ear, allowing the unique shape of your ear to collect sounds, just as nature intended.

Add convenient direct audio streaming, access to remote hearing care services, and industry-leading battery life, ReSound ONE truly keeps you connected to people and technology you need to become ONE with your world.

*Microphone in ear and two standard directional microphones; directionality features, wireless audio streaming

ReSound ONE provides you with a more complete and individualized sound experience with:

A MORE NATURAL SOUND AND IMPROVED SENSE OF SPACE

ReSound ONE with M&RIE is the first hearing aid* with three microphones, including one in the ear, to use your ear's natural ability to collect the information your brain needs to make sense of sound.

EASIER-TO-FOLLOW CONVERSATIONS IN DYNAMIC ENVIRONMENTS

All Access Directionality gives you access to all the sounds around you, putting you in charge of which sounds you want to focus on - not your hearing aids.

BEST 1:1 SPEECH UNDERSTANDING

Like an invisible beam of sound detection, Ultra Focus lets you decide when to concentrate on the speech in front of you while minimizing background noise - even in the toughest environments.

Unmatched connectivity to adapt to your needs

ReSound ONE adapts to your lifestyle connecting you to the world around you with direct audio streaming from both iOS® and Android™ devices. So your favorite audio book, music or even GPS directions can stream directly to your hearing aids without an intermediary device.

One-tap sound adjustments on your ReSound Smart 3D™ app and a versatile range of wireless accessories give you even more options to connect to the sounds you enjoy every day, like your favorite TV program.

Designed for ultimate comfort, discretion and performance

Built for ultimate comfort and adaptability, the modern styling of ReSound ONE has just one touchpoint on the back of the ear and sits lower for greater discretion. Available in three models, ReSound ONE comes in a variety of colors to blend with hair and skin tones, so you can wear ReSound ONE with confidence.

INDUSTRY-LEADING RECHARGEABILITY

ReSound ONE offers the best rechargeable battery life in the industry with up to 30 hours* of battery life or 25 hours with the ability to stream as much as you want.

For added flexibility, two different charger options serve as stylish, portable and protective cases, ideal for traveling and storage. Choose the Premium Charger with an onboard battery for up to three days of quick charging on the go, without the need for a power outlet, or the smaller Standard Charger that gives you at-home charging capabilities you need in a small elegant design.
